

Who's that swinging into your party? Why, it's the incredible Spiderman. Give them the company of Spiderman and his trusty sidekick for a whole hour of web-building, games, and fun. Your spiderlings will crawl for joy as the dynamic duo make their entrance to the strains of the Spiderman soundtrack. Next the Spiderlings are led into the web to play games – suited to their age and needs, of course. This includes face painting and balloon artistry. Just let us know their favourite games and we'll make sure it's a day they don't forget.

From limbo to pass the parcel, musical mats, and more – they're sure to find exactly what they want. We recommend adding some balloon artistry to our package to really make the party pop.

When you choose FacepaintingCo for your child's party, rest easy. Our entertainers all hold valid Working with Children Checks, so your little superheroes are in good hands.

Every event is different, so reach out to let us know your needs on 0433047057 or [online](#).
